April 18, 2022

Dear valued Owens Corning® Insulation customer,

Based on the **first quarter 2022 average of 159.8** of the [Cass Truckload Linehaul Index™](#) and consistent with our service guidelines, Owens Corning will increase its Transportation Surcharge from \$250 per truckload to **\$350 per truckload for fiberglass building insulation and loosefill insulation products**. This change is **effective with orders shipped on or after May 2, 2022**.

It is our intent to continue to monitor the costs of freight; updates will be made to these surcharges in the third quarter if necessary.

Click to view and download the [Transportation Surcharge](#) tables for your records.

Thank you for your continued support of Owens Corning.

Sincerely,

A handwritten signature in black ink, appearing to read "MS", is written over a light gray background.

Mike Swift  
Vice President & General Manager  
North American Building Insulation
